

Evam Mingyur Ling Sacred Arts and Healing Sciences College USA Healing and Blessing Tour July and August 2007

The ancient texts of the Nyingma lineage of Tibetan Buddhism prophesize that future times would be marked by the arising of many diseases and maladies without name nor cure. It is said that in these times, practitioners can rely on sacred skillful means which were hidden as treasures centuries ago, to relieve these modern sufferings both physical and mental and to gain the ultimate liberation from cyclic confusion within one's own lifetime.

To fulfill the requests of students and beneficiaries in the USA, this summer Lama Rangbar Nyima Ozer assisted by Amchi (Dr.) Sherab Tenzin, will travel to the USA on a special Healing and Blessing benefit tour. During the Healing tour, several special opportunities will be made possible for the first time to gain blessings from rare and profound healing ceremonies normally only performed in Asia. Proceeds realized from the healing tour are dedicated to the development of the Evam Mingyur Ling Sacred Arts and Healing Science College in Nepal and the production of Sacred Tibetan Medicines.

Recognized as the activity emanation of the Yogi and Loppön, Tulku Chimed Yugyal of Rangnang Ogminling Dzogchenpa Monastery in Kham, Tibet, Lama Rangbar Nyima Özer exemplifies the transfer of Eastern wisdom to Western mind, having absorbed these living traditions over the past three decades. He is one of the few Westerners who can lucidly explain spiritual principles, based on direct experience and realization. Lama Rangbar's root Guru is His Holiness Dunjom Rinpoche. He has studied with His Holiness Chadrak Sangye Dorje Rinpoche, His Holiness Trulshig Rinpoche, His Holiness Shenphen Dawa Rinpoche, Karma Gyalpo Rinpoche, Lama Wangdu Rinpoche and Acharya Dawa Chodrak Rinpoche. Currently, he is establishing

the first "New Treasure" Buddhist Yoga retreat and spiritual practice center of its kind, Evam Mingyur Ling (The Place of Unchanging Great Bliss), in Nepal where he has lived for the past 17 years.

Lama Rangbar Nyima Özer (Yugyal Tulku) will be performing unique Sacred Healing Rituals and Ceremonies publicly and in people's homes by special request as well as offering teachings on several Buddhist subjects, during the months of July and August of 2007. Lamarangbar@ngakpasociety.org Lama Rangbar will be accompanied and assisted by Amchi Sherab Tenzin during the Healing tour.

One of our special members of Ngakdra Labrang is Amchi Sherab Tenzin. Amchi (Traditional Herbal Doctor) Sherab is in charge of sacred medicine and blessing substance production at Evam Mingyur Ling and for the Ngakdra Labrang community in Nepal and abroad. He carries several ancient medicine lineages, that he has absorbed over a period of over ten years from, among others, Dr. Trogawa Rinpoche is his main teacher.

“Ta Chak Kyung Sum” From the New Treasure of Dudjom
 Three Powerful and Wrathful Healing Deities, Hayagriva, Vajrapani and Garuda “A Drop of Molten Meteoric Iron that Incinerates (Demonic Influences) Upon Touch”

One of the most efficient and supremely wrathful conglomerate practices, Ta Chak Kyung Sum invokes Hayagriva (The Horse Headed Deity), Vajrapani (Tib. Chanak Dorje) and Garuda’s wisdom beings which allows the Lamas and practitioners to perform healing activities for beneficiaries.

The resulting powerful blessings are well-suited for alleviating depression, removing strong obstacles, raising wind-horse, cleansing skin diseases as well as those caused by Nagas, seasonal diseases and those caused by pollution, ill-will, etc. The ritual is best performed for those able to attend but people unable to be present can be represented by someone attending. Special and Rare Garuda Blessing pills will also be distributed at this participatory practice session.

“Urgyen Menla” From the New Treasure of Dudjom
 (Padmasambhava as the Unsurpassable Great Healer of Mind)

"In the Degenerate age when life span is short, diseases are many and fierce epidemics attack suddenly, if one suffers from the fear of losing one's life, one should accomplish the practice of Orgyen Menla"

-From the Speech of His Holiness Dudjom Rinpoche - the text of Urgyen Menla-

An initiation into The Body, Speech and Mind of Urgyen Menla qualities and miraculous activities; By practicing the Deity Urgyen Menla, the special accomplishments and Buddha activities of healing can be achieved allowing practitioners to enact actual healing and benefits for all sentient beings. The initiation will be accompanied by the authorization (oral Transmission) of the short Daily practice of Urgyen Menla to make it easy for those who wish to do the actual practice.

From The Treasure of Traktung Dudjom Lingpa
“Troma Nagmo, (The Black wrathful Mother) The Primordial Sun of Wisdom”
 “The Offering of One Hundred Hand Prints”

All diseases, ailments and maladies occur due to conjunction of inner cause and outer conditions.

The inner causes come from a host of factors including the 5 poisons of mind, karmic debts and accumulation of negativity, negative patterns and habits. By the offering “One hundred handprints”, Lamas performing the ceremonies are able to effect the

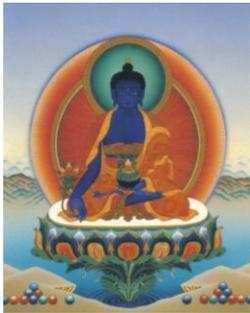

paying back of all types of karmic debts of life, life force, flesh, happiness, dwellings, etc. This ransom ritual will be performed by Lama Rangbar assisted by Amchi (Dr.) Sherab Tenzin for the first time in the USA. Attendees should bring some coins, and small cut fragments of their clothing (and a small photo of the entire body) of those needing help who are unable to attend.

“Chimed Tsok Thig”

A Profound Long Life Treasure of Zilnon Namkha Dorje
The Accomplishment of “The Immortal Life Essence
The Essential Bindu of Deathlessness “

An "Empowerment" offering. This is a very rare and powerful practice Mandala which can restore lost life and life force, prolong life and help practitioners break the power of the greatest illusion ...death itself. It is very effective and carries the direct blessings of the unbroken short lineage of The New Treasure of His Holiness Dudjom Rinpoche.

The King of Medicine: **Sangye Menla, (The Medicine Buddha)**

The most well known of all Tibetan healing deities is Sangye Menla the Buddha of Medicine. Seeing the suffering caused by illness of beings, Sangye Menla blessed all plants to arise as medicines to be able to cure any and all afflictions. A special Medicine blessing will be performed by Lama Rangbar assisted by Amchi Sherab Tenzin. Special Blessing pills will also be distributed at this participatory practice session.

Dorje Nampar Jompa “The All-Subduing Vajra”

Many ailments, depression and diseases stem from defilements of one’s body, speech and mind. There are many types of defilements including those from negative karmic relationships, meeting with negative people and unclean substances, dwelling in defiled places, accumulation of negative behavior patterns, unhealthy addictions, etc. Luckily, defilements have the single virtue of being able to be purified. The practice of the “All Subduing Vajra” brings all these causes to a single point to wash away such defilements and obscurations, bring peace of mind and freedom from suffering of all kinds.

Participants are advised to bring clothes that one can allow to be stained with saffron color and that participants may get slightly wet.

Special Purification / blessing / protection pills will also be distributed at this session.

Sponsoring a Buddhist Ceremony at your Home With Lama Rangbar and Amchi Sherab

Traditionally one of the ways in which Buddhism blessings are gained and healings enacted is via sponsorship of offering ceremonies in one's place of residence. Ceremonies are performed for a host of occasions or requirements and are dedicated to all sentient beings. By being part of the cause and effect that brings about these benefits, sponsors accumulate merit and wisdom that can bring about positive circumstances that we require to practice and to benefit others.

There are no set fees as such for ceremonies although there are costs involved. Some ceremonies are involved and therefore not all ceremonies can be accomplished without adequate support. Supporters can host such events and bring their friends and or community members as a "gathered offering" or can support entire pujas in a more private manner depending on the situation.

For more general information on types of ceremonies please check the web site page:

http://www.ngakpasociety.org/sacredspaces_4%20activities%20remake.htm

To sponsor a puja or ceremony please get in touch with the local contact person and discuss with Lama Rangbar about which ceremony is needed. Support ranges between \$500 to \$1500 depending on complexity and ceremony length. All proceeds go to the development of the Sacred Medicine Initiative.

"Naga Offering Ceremony" From Traktung Dudjom Lingpa's Treasure

Although we are certainly egotistically aware of our own species, we often neglect the fact that we share our planet with a host of other visible and non-visible parent-like beings who fill all infinite space. These beings suffer the consequences of our environmental infringements and sometimes even retaliate when abused unknowingly or otherwise. Conversely, by sharing compassion with these beings, a relation is formed and harmony and the causes for happiness, wealth and general well-being can be established. Lama Rangbar will perform the Naga Offering Ceremony, assisted by Amchi Sherab Tenzin, in areas upon request on appropriate astrological days. Those attending or wishing to sponsor such an event at their locations should contact Lama directly to discuss each situation specifically.

Individual Diagnostics

With Amchi Sherab Tenzin and Lama Rangbar

Amchi Sherab will perform traditional Tibetan pulse diagnostics for those interested with health problems as well as for those of reasonable health requiring balancing. He will also recommend and provide various "Tibetan herbal Dietary Supplements" while Lama Rangbar will offer Mantric / blessings and healings as well as sacred blessing substances.

Check for venues and dates with local contacts. One half hour Session \$30, herbal supplement costs vary with type. All proceeds go to the production of the Sacred medicine Initiative in Nepal.

The Evam Mingyur Ling Sacred Arts and Healing Sciences College, in Sankhu Vajrayogini, Nepal

All proceeds of the above events go to the development of Evam Mingyur Ling Sacred Arts and Healing Sciences College in Nepal. The College is being established to promote and preserve the sacred rituals, spiritual arts, and healing systems based on several millennia of experience and wisdom from Asia. Many of these ancient treasures are in danger of becoming extinct, due to the rapid homogenization of our planet's cultures. The overall goal of the college is to preserve these ancient systems by their integration into today's society for the support of peace, prosperity and healing of our modern planet. The college will provide a profound and durable framework for seminars, teaching events, apprenticeships, short and long term retreats, healing treatments for body, speech and mind, as well as ritual performance, sacred medicine production, sacred dance, Feng Shui, astrology, sacred monument construction and other arts and sciences. The college will draw from both regional expertise as well as from masters of the various arts and sciences from around the world and spread awareness about sacred technologies by organizing international tour events. For further information about the college (called Ngakdra Labrang in Tibetan), please see: www.ngakpasociety.org

Financial assistance is sought for the establishment of the Sacred Arts and Healing Sciences College and also the medicine activities of the college in Nepal. Contributions for Evam Mingyur Ling in Nepal are fully tax-deductible through the cultural preservation activities of the Himalayan Light Foundation, a 501 (c) -3 organization. For further information about HLF see: www.hlf.org.np

To make your tax deductible contribution to support any of these activities, please send a check made out to the Himalayan Light Foundation. Please write "Sacred Arts College" in the memo section of the check. Mail to: Adam Friedensohn 209 Hillcrest Avenue, Leonia, NJ 07605
